Is that study included, or could be included in the review?

- yes
  - Is the author the first or last author on the review?
    - yes
      - This breaches the CoI Policy for Cochrane Library Content (2020). Cochrane Review authors who have had direct involvement in the design, conduct, analysis and publication of industry-controlled clinical studies that are relevant to the topic of a review CANNOT be the first or last author of that Cochrane Review.
    - no
      - This breaches the CoI Policy for Cochrane Library Content (2020). The author can be an author on the review, but they cannot determine the overall study inclusion and exclusion criteria; and cannot make study eligibility decisions about, extract data from, carry out the risk of bias assessment for, or perform GRADE assessments of that study.
  - no
    - This does not breach the CoI Policy for Cochrane Library Content (2020). This person can be an author.

- no
  - Was the study funded by a commercial organization who played any part in determining or controlling the study design, methods, data analysis or reporting?
    - yes
      - This does not breach the CoI Policy for Cochrane Library Content (2020). This person can be an author.
    - no/unclear
      - This does not breach the CoI Policy for Cochrane Library Content (2020). This person can be an author.
